

THE TIME IS NOW TO SUPPORT OUR 9/11 HEROES

Join the working men and women of
New York City's labor movement on
Saturday, September 8, 2007

HONOR, SUPPORT AND RESPECT
the contributions and sacrifices of all workers.

This Labor Day, as we remember the contributions of working people, the heroes of 9/11, and those who so honorably protect our freedom and security here and abroad, we join together to support labor's efforts to address the long-term health needs, ongoing medical monitoring, treatment and compensation for first responders and other workers suffering from the long-term effects of 9/11.
